Wow ... quite a testimonial!

Great Job Team!

Rick,

I've been meaning to send a note about your company. Please forward this to your Management & the crew that was at Waynesboro.

1. I have between 50 -100 Contractors that I work with through the week. Beaver Mechanical is number one by far
2. You & the guys are all knowledgeable, dedicated, hard working & easy to get along with.
3. Your company responds to our needs quickly
4. Your office support is always pleasant to deal with
- 5.

Please relay to the guys my appreciation for the recent water line replacement at the Service Center. The task was not easy & the weather at times was horrible. Can't say enough about the crew.

Thank you,

Timothy P. Maline
